

HOUSEWORK
Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged meninges, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her meninges and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI
is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glenview, Ky., Feb. 12, 1901.
I am so glad that your Wine of Cardui is helping me. I feel better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine of Cardui is doing me good. I am getting fatter than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I do not think of lying down through the day.

The White Invasion of China.

Honorable Albert J. Beveridge, United States Senator from Indiana, has spent the past five months in the Far East investigating commercial and political conditions, studying international relations, appraising National resources, and conferring with the men who are establishing the Eastern policy of the European powers. The vast amount of information thus secured at first hand Senator Beveridge will embody in a series of noteworthy papers the first of which will appear November 16 in The Saturday Evening Post, of Philadelphia. Senator Beveridge is a trained writer and a trained observer, and he has infused extraordinary interest into subjects, that might make dull reading if less brilliantly handled.

A BIRTHDAY SURPRISE.

Friends of Mrs. John Ward Help Her Celebrate.

On the morning of the 29th several of the Jasper Madams met at Mrs. Bowers home to wait for a conveyance to come and take them out to Mrs. John Ward's as it was her 40th birthday. Near the hour of 11 o'clock a two-horse vehicle came. When it started it was well loaded with some of the waiting ladies—must I say, most of them sitting on the bottom of the wagon box, which was well strawed and covered with a large comfort. Some four or five buggies which were in waiting were also filled with ladies.

It was a jolly crowd. Ere the wagon had reached the end of the journey the riders were asking the driver if the springs were in the wheels or in the hubs. Give ear kind reader when I say that Mrs. Ward was greatly surprised indeed, when she beheld the string of vehicles coming through the barnyard gate. She showed by her morning apparel that she had not expected company, but she welcomed us with smiling face. We soon took possession of the kitchen and dining room and were not long emptying the well-filled baskets on the long table. It was a fine dinner for her and the forty others which were present, some of her near neighbors having met us and were there.

There were a number of presents presented to the surprised lady, among them being a nice swing rocking chair from her son, and a few pieces of china-ware.

The day was pleasantly spent by all present and will be a day well remembered not only by the surprised lady, but by all who were present, as it was the day of the morn of the execution of the assassin of our late president. At a late afternoon hour we all took our departure saying as we parted: "What an enjoyable day we have had. I am glad I was one of the number."

A Birthday Party.

Mrs. C. O. Wine very pleasantly entertained about thirty guests recently in honor of the sixth birthday of her little daughter Mae. The little guests arrived soon after dinner bringing with them some very pretty little presents, which were highly appreciated by the receiver. Refreshments were served during the evening consisting of ice cream, fruits and cake. The evening was spent very pleasantly by the little folks.

Among those present were Mesdames Byers, Wine, Faith and Calvert; Misses Estella Byers, Lizzie Lawson, and the little Misses Myrtle and Grace Calhoun, Clara and Ethel Gresham, Jessie and Bulah Cather, Neta and Era Bowman, Ruth and Louis Humphrey, Minnie and Calvia Beatty, Ida Teeter, Alice Tabler, Kathrine Dray, Pearl Calvert, Pearl King, Lela Lawson, and Masters Clarence Cather, Wilfred King, Vernie Byers, Robert and Charlie Wine and Wendel Dray.

Attended the State Convention.

Rev. Palmer returned from the State Baptist convention at Springfield yesterday reporting a great time. The delegates on Thursday were taken to National cemetery in carriages by the citizens, and were given a reception in the chapel car which is there on the Frisco tracks and used for missionary purposes.

The Baptists of the state are planning to move their old church at Cape Girardeau, the first church built west of the Mississippi river, to St. Louis to be exhibited at the Louisiana Purchase Exposition alongside the present chapel car thus illustrating the advancement of that denomination in a hundred years.

Death of Mrs. Box.

Mrs. T. W. Box died at her home in Boston, Mo., Tuesday morning Oct. 29 at 12:30 o'clock, aged twenty-five years five months and twenty-eight days. The funeral services were conducted by Rev. Blalock, of Lamar, at the family residence on Wednesday at 10 a. m. and the interment took place in Forest Grove cemetery.

RURAL SCHOOL MEETING.

It Was Held At Carthage Last Saturday.

Speaking of the meeting of teachers, directors and patrons of rural schools at Carthage last Saturday, the Carthage Democrat has the following:

Teachers, directors and patrons of the Jasper county rural schools met in the criminal court room yesterday in response to a call issued by County Superintendent Denison, for the purpose of discussing grading rural schools and establishing school libraries.

Mr. Denison, presided and there was free exchange of opinions on the subject. It was one of the best and most harmonious school meeting ever held in the county, and it resulted in the establishment of a permanent organization of county school directors, who will hereafter meet once a month to discuss school affairs. The next meeting will be held Saturday, December 7, at the same place.

In regard to grading rural schools, those opposed at first were those who did not understand the work proposed. At the close of the discussion the feeling was unanimous for pushing the rural schools to the front in every line of advancement. Grading the schools, averages the work and advances pupils who are brighter in some studies than others. For instance, a pupil who is dull in arithmetic but bright in history, is advanced in the latter while yet in a lower grade in the former.

In the afternoon the rural school library was discussed and met with no opposing views. Each who spoke was for more books. There are 75 per cent of Jasper county schools now supplied with libraries, 50 per cent having added libraries within the past year. It is thought all will have them before another school year has passed.

The library supplements school work and tends to create an interest not otherwise obtainable. In the selection of books, those pertaining to the studies are largely in the majority, but standard work of fiction are added.

It Saved Her Life.

Gooch's Mexican Syrup has accomplished a cure in this neighborhood which has astonished the people. Miss Davis was given up to die by her attending physician. She had lung fever. The doctor said she would die before morning and advised to discontinue his medicine as it was doing her no good. Her parents had a bottle of Gooch's Mexican Syrup and Gooch's Quick Relief in the house. They at once began to give the Syrup in doses one hour apart, and frequently dathed her chest with the Quick Relief. Before morning she was better, and after using a few bottles of each, she is almost as well as ever. It was almost like raising the dead, and has established the reputation of Gooch's Mexican Syrup here as a cough remedy; we can sell nothing else.
